Central Board of Secondary Education (CBSE)   Bhubaneswar
Percentage - 91

SKILLS

Language
Java, JavaScript, HTML/CSS

Database
MySQL, MongoDB

Framework
Spring Boot, React

Tools
Git, GitHub

PROJECTS

Book Management System (Java, Spring Boot, MySQL)
- Developed a CRUD application using Spring Boot, Java, and MySQL
- Implemented multiple user roles and authentication features to ensure secure access to the system
- Demonstrated proficiency in database design and management

Blog (React, Spring Boot, MongoDB)
- Designed and developed a feature-rich blogging platform for seamless blog creation, review, updating, and deletion.
- Implemented secure access with authentication features, including a robust login and logout system.
- Fostered collaboration and interaction among users by introducing multi-user support functionality.
- Enhanced the user experience with an appealing and intuitive design, leveraging Material UI for a modern look and feel.

Netflix UI (React, JavaScript)
- Developed a website mirroring the design and user experience of Netflix.
- Ensured full responsiveness and compatibility across all modern browsers.
